GARAGES; PORCHES and DECKS

MINIMUM REQUIRED DOCUMENTATION for PERMIT SUBMITTAL

- Online Building Permit Application. For assistance, please visit Building Dept.
- Copy of construction supervisor license.
- Copy of home improvement license.
- Plot plan showing proposed structure with all setbacks to lot lines.
- A set of plans showing footing/foundation/sonotubes, elevations, and framing details with a cross section. The plans should reflect what and how you plan to build the project. Along with the electronic copy, two sets of 11"x17" paper copies are to be dropped off at the building department before the permit can be reviewed. Upon issuing the permit the applicant will receive a marked up set of plans to be kept on site. The other set of plans will remain at the building department to be used on the various inspections as the project progresses.
- Driveway approval form (**GARAGES ONLY**). Contact the Bridgewater Highway Department located at 151 High St., 508-697-0931.
- Stamped letter from structural engineer if using engineered lumber and or steel beams.
- Any electrical or plumbing/gas work for the project, requires separate permits in conjunction with the building permit.
- ✓ Paid permit fee ONLINE by check, debit card or credit card. Pay permit fees at the building department by CHECK ONLY, payable to the Town of Bridgewater.

Effective 11.14.16
